Projects

Friends of Toto | <https://github.com/shyfidelity> | <https://friendsoftoto.herokuapp.com/>

"A social network for pets because people talk too much" A Deployed MERN stack application that allows user to user connections and the ability to create new posts and upload photos.

- Collaborated with a team to design, implement, and deploy this application
- Incorporated Amazon's S3 bucket for photo upload and storage
- Front end developer and designer ensuring that the UI was user friendly with solid design and implementation using both CSS and MUI framework
- Created all graphics and visual elements in Adobe Illustrator

Frontend -HTML5, CSS, JavaScript, Web Components, React.js

Backend - AWS, GraphQL, Node.js, Express, Apollo

Ouroboros | <https://github.com/ShyFidelity/Ouroboros> | <https://ouroboros-ml-jf-ni.herokuapp.com/>

Ouroboros is a social wellness app designed to track a user's progress on activities known to increase dopamine and serotonin in the brain.

- Coordinated a team using wireframes, Kanban board, and prototypes
- Created a loop reward system to ensure daily patterns and user satisfaction
- Set up AWS server to store user profile information
- Created SVG animations and "badges" with Adobe Illustrator and After Effects
- Front end javascript developer

Frontend -HTML5, CSS, Flexbox, Javascript, Handlebars

Backend - AWS, MySQL, Node.Js, Express, third party APIs

Experience

Ivy Nails

January 2022 - present

Freelance Developer

Denver, Co

<https://github.com/ShyFidelity/ivy> | <https://shyfidelity.github.io/ivy/>

In progress first freelance web application for local nail salon.

- Worked directly with the client to implement design ideas, gather content, as well as encourage ways it would increase her revenue
- Developed and designed a mobile responsive React app
- Created all graphic elements

Frontend - React.js, CSS, React Bootstrap, Koalendar scheduling software

Code Sensi

July 2021 - present

Code Ninjas

Denver, CO

Worked in a team environment to teach kids 4-14 years old the foundations of JavaScript while building video games. Students gained problem-solving, critical thinking, and STEM skills in a fun, safe, and inspiring environment.

Key Accomplishments:

- Recommended by management to mentor and motivate advanced students in a 1:1 setting to build web applications
- Recognized for finding new creative ways to help students achieve their goals faster

Production Manager // Designer

February 2013 - January 2022

The Woods Fine Jewelry

Denver, CO

Designed jewelry with attention to detail. Managed inventory for wholesale accounts with retailers throughout the US.

Key Accomplishments:

- Constantly stay up to date with designs with a turnaround time as short as one day
- Implemented a simple inventory system from hard paper copies to Excel, resulting in a 10% decrease in loss the first month
- Researched previous sales and current design trends to maximize profits
- Maintained client relationships with 20+ stores as well as clients such as The Bachelorette, and The Kardashians, and various award shows

Education

Certificate in Full Stack Web. Development: Denver University, Denver, CO December 2021
